

Microsoft Sentinel Quickstart Migration and Modernization Engagement

ABOUT ENGAGEMENT

In this engagement, Atmosera will provide expert guidance to execute a Microsoft Sentinel migration project. It can include migrating from any non-Microsoft SIEM solutions to Microsoft Sentinel; or deploying Microsoft Sentinel for new customers.

The Microsoft Sentinel Quickstart Migration and Modernization engagement is designed to accelerate and simplify customer migration and modernization projects to Microsoft Sentinel workload.

Atmosera is a leading technology solutions partner focused on applications, data, security, and the Microsoft Azure platform.
